In cooperation with
Messe Stuttgart
Mitten im Markt 

Welcome to the
hub of interna-
tional grinding
technology.

GrindingHub is the new international centre for grinding technology and superfinishing.

The trade fair's focus on all aspects of value creation in this area of technology makes it highly attractive for visitors. Centre stage is taken by grinding machines and abrasives.

All of the relevant software tools, the process periphery, and the measuring and testing systems needed for all QM processes related to grinding will be presented, keeping the entire production environment of grinding technology in view.

Focussed – all-round – complete!

Excellent conditions for a top-notch trade fair that sets a clear growth trajectory for grinding technology. The organisers are aligning GrindingHub on current trends, with in-depth know-how for the industry and user industries worldwide, enhancing its attractiveness by presenting focal theme topics in the special "GrindingSolutionPark" exhibition area.

From the industry for the industry!

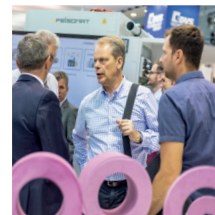

GrindingHub 2022 in Stuttgart ...

... **focusses** on finishing solutions in all areas of metalworking and production.

... **concentrates** on machines, tools, processes, automation technology and sustainable trends.

... **furtheres** dialogue between manufacturers and users, day-to-day challenges and the demands of the future, theory and practice.

... **is the platform for the full spectrum of present-day and future grinding technologies**

technology.

The GrindingHub 2022 hygiene standards

SAFE EXPO is the safety standard for events at Messe Stuttgart. It has already been tried and proven, and it will also ensure you an optimal visit in compliance with hygiene regulations.

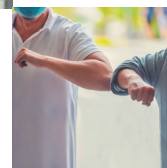

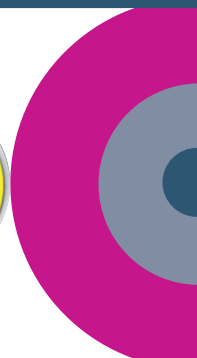

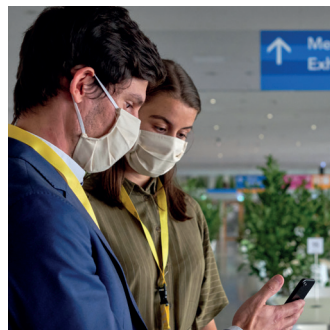

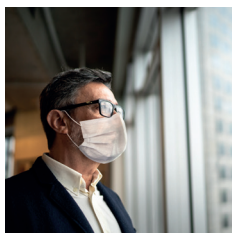

Compulsory masks

The wearing of masks is compulsory throughout the entire trade fair grounds for all persons aged six years or older.

Distancing rule

Wherever possible, a minimum distance of 1.5 metres to other people must be observed throughout the entire trade fair grounds.

Observe the hygiene rules

Please comply with the general hygiene regulations as well as the etiquette for coughing and sneezing. Please use the disinfection dispensers provided.

Admission requirements

Depending on the level announced at the time (basic level, warning level, alert level, alert level II), admission to the trade fair grounds is permissible for visitors with an up-to-date vaccination certificate, written evidence of recovery from a SARS-CoV-2 infection or a currently valid negative test certificate.

*3G (vaccinated – recovered – tested)
2G (vaccinated – recovered)

Last revised: February 2022

Our hygiene regulations are constantly updated to the latest requirements and can be found at:
www.grindinghub.de/safe-visit

The full GrindingHub spectrum at a glance.

Our exhibitors

The exhibitors at GrindingHub represent the entire process chain of grinding technology. Practically oriented added value is offered by the joint "GrindingSolutionPark Science" area and the special umati "Connectivity is the key" show, both of which meet the growing demand for know-how and ground-breaking trend information on the sophisticated technologies relating to grinding technology.

The main GrindingHub topics:

- Grinding machines
- Tool grinding machines
- Abrasives
- Process periphery
- Software tools
- Measuring and testing systems

The special stands:

- umati
universal machine technology interface
- „GrindingSolutionPark Industry“
Production solutions
- „GrindingSolutionPark Science“
Research topics
- Start-up-Area
Innovations

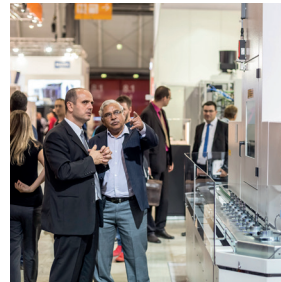

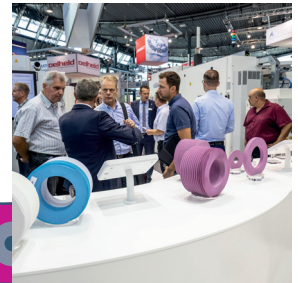

You can access our index of exhibitors here:
www.grindinghub.de/exhibitor-index/

Our hybrid concept with an attractive extra digital offer

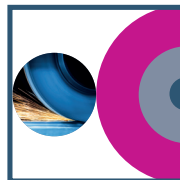

In addition to the physical event, GrindingHub provides visitors with the option of an accompanying digital concept before, during and after the trade fair:

- Virtual tours
- Expert forum with streaming
- Web sessions
- Intelligent matchmaking

Detailed information on extra digital offers at:
www.grindinghub-digital.de/en

Stuttgart offers everything needed for a perfect finish.

Catering and accommodation

Catering

The "Restaurant im Westen" and the bistros in the halls are open during GrindingHub 2022. Fuller details are available on site. They can be used in accordance with the SARS-CoV-2 regulations for gastronomy in operation in Baden-Württemberg at the time of the event.

General information

on hotels and accommodation during GrindingHub

Experience teaches that there is always a high demand for accommodation facilities during exhibitions, and that they often have only small allocations of rooms on offer at short notice. It is therefore advisable to book early. The ubiquitous booking portals are one way for you to obtain a good overview:

- stuttgart-tourist.de/en/
- hotel.info
- booking.com
- expedia.de/en/
- uk.hotels.com

Comprehensive information on accommodation options can be found at:
www.grindinghub.de/travel
